ALMERE (NL)

ABOUT YANMAR

With beginnings in Osaka, Japan, in 1912, YANMAR was the first ever to succeed in making a compact diesel engine of a practical size in 1933. A pioneer in diesel engine technology, YANMAR is a global innovator in a wide range of industrial equipment, from small and large engines, agricultural machinery and facilities, construction equipment, energy systems, marine, to machine tools, and components.

YANMAR's global business operations span seven domains. On land, at sea, and in the city, YANMAR provides advanced solutions to the challenges customers face, towards realizing **A SUSTAINABLE FUTURE**.

YANMAR Marine International (YMI) in Almere is the Global headquarters for the marine recreational engine business. The YANMAR location in Almere, near Amsterdam, is established in 1989 and has more than 200 employees and 24 different nationalities all under one roof, a truly international company, serving the needs of its international customers. YMI is a leading supplier of innovative engines and technology-driven marine propulsion systems, YMI supplies the world's cleanest, most efficient, reliable and durable diesel engines for the recreational sector – both sailboats and powerboats – and light duty commercial applications.

Recently we started a new chapter in YANMAR's rich history of innovation. We introduced the YANMAR GREEN CHALLENGE 2050. The challenge is to be an environmentally friendly, greenhouse gas-free company. This means that our company is transforming, one step at a time.
