YANMAR POWER TECHNOLOGY CO., LTD. ("YANMAR"), provides this Limited Warranty Handbook to help you take full advantage of the YANMAR engine, YANMAR by KANZAKI marine gears and drive systems and/or YANMAR Control systems (hereafter "YANMAR Marine Product(s)") you have purchased. Before installing or using your YANMAR Marine Product(s), please read and understand this handbook and the applicable Operation Manual(s) carefully. If you did not receive an Operation Manual, please contact your YANMAR distributor or dealer to request a copy. YANMAR warrants that at the time of shipping, new YANMAR Marine Products sold by it and its authorized YANMAR marine distributors meet all applicable specifications and will be free from defects in material and workmanship for the Limited Warranty Period. This Limited Warranty is subject to limitations discussed later in this Warranty Handbook.

THIS LIMITED WARRANTY IS PROVIDED IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. YANMAR SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, EXCEPT WHERE SUCH DISCLAIMER IS PROHIBITED BY LAW. IF SUCH DISCLAIMER IS PROHIBITED BY LAW, THEN IMPLIED WARRANTIES SHALL BE LIMITED IN DURATION TO THE LIFE OF THE EXPRESS WARRANTY.

YANMAR warrants to the original retail purchaser that it will make any repairs or replacements necessary to correct defects in material and/or workmanship of YANMAR Marine Products for the Limited Warranty Period. This Limited Warranty gives you certain legal rights. You may have other rights that vary from state to state and country to country. In the case that the product is transferred to a second retail purchaser during the warranty period, the remaining portion of the warranty may be transferred to the second retail purchaser provided that YANMAR is notified in writing at the time the second retail purchaser takes possession.

("remaining portion" refers to the amount of time remaining until the warranty period expires. For example, in the case of a two-year warranty, if the original retail purchaser sells the product after only one year, the remaining one year of warranty coverage will be transferred to the second retail purchaser. YANMAR must be notified online via "Client Registration").

At such time YANMAR may, at its discretion, require an inspection by an authorized YANMAR service center of any of the YANMAR Marine Products. If any of the YANMAR Marine Products cannot pass that inspection, the transfer of this Limited Warranty may be rejected. The cost of the inspection is borne by the purchaser. Transfer of this Limited Warranty will not extend its duration. YANMAR specifically disclaims any express or implied warranties to the second retail purchaser except as provided herein, and disclaims all warranties, express and implied, to any subsequent purchaser.

YANMAR specifically disclaims any express or implied warranties for YANMAR products which are not installed conform YANMAR guidelines and standards as mentioned in the YANMAR Installation Manuals.

4-1. Limitations

IMPORTANT:

In order to validate/obtain your YANMAR Marine Limited Warranty (whether for Recreational or Light Duty Commercial), you must submit an online Warranty Registration via the YANMAR Marine website at

<https://yanmar.microsoftcrmportals.com/>

or <https://www.yanmar.com/marine>

within 30 days after you purchased the YANMAR Marine Product(s).

This Limited Warranty applies only to YANMAR Marine Products and other products manufactured and sold by YANMAR or its authorized distributors that are installed and used according to the YANMAR installation and operation guidelines. YANMAR specifically disclaims any express or implied warranties for products manufactured by other companies. If a claimed defect appears to be within the Limited Warranty Period and if the applicable warranty registration has been received by YANMAR, YANMAR may elect to replace or repair any YANMAR Marine Product or part at its discretion. YANMAR will undertake the repair or replacement without charge for parts or repair labor. Repair labor includes the reasonable cost of labor to remove and reinstall YANMAR Marine Products and non-YANMAR engine components of the vessel in which the YANMAR engine is installed, if necessary to complete the warranty repair or replacement.

Recognize that marine diesel YANMAR engines and drives are sophisticated, complex pieces of machinery which can be affected by many variables associated with any given application, and as such, you understand and agree that any repair may require multiple efforts to reach a remedy and that those efforts may require significant time.

9. SERVICE AND MAINTENANCE REGISTRATION

Regarding the “3 Year Extended Warranty” for 1GM10, 2YM15, 3YM20, 3YM30E, 3YM30AE, 3JH5E, 4JH5E, 4JH4-TE, 4JH4-HTE, 4JH4-HTE1, 4JH3-DTE, 3JH40, 4JH45, 4JH57, 4JH80 and 4JH110, the signature and stamp of an authorized YANMAR dealer is required in the “PRE-DELIVERY CHECK”, “50 Hours Maintenance” and “1st year Maintenance” sections.

In the case of any parts which have been replaced, proof that YANMAR genuine parts have been used for the replacement shall be also provided. As proof, YANMAR will accept the part name, together with details of the work undertaken, written by an authorized YANMAR dealer in the “Dealer stamp & signature” box, accompanied by the signature (or stamp) of the dealer.

Replacement parts information shall also be recorded in the periodic maintenance table, which is provided in the engine’s operation manual. This is to show compliance with the maintenance procedures.

Ask your authorized YANMAR dealer to register the maintenance in the YANMAR Marine Support Portal. You will be provided with a YANMAR Maintenance Certificate via your YANMAR Account (if registered).

In the same manner, YANMAR engines require annual inspection by an authorized YANMAR dealer for every subsequent year after the completion of the “1st year Maintenance”.
