YDP20TN-4
YDP20TN-E4
YDP20TW-E4
YDP20TW-4

Note: Service parts are denoted by an asterisk. To replace non-service parts, the entire kit will need to be purchased.

Installation Instructions

Hand tighten all bolts and nuts until assembly is completed, then torque according to specifications in Table 1. The numbers in () represent the item numbers.

- 1. Attach the suction line strainer (included with pump) to suction line (1) and tighten using wrench (3).
- 2. Attach the opposite end of Suction line (1) into pump inlet.
- 3. Attach Discharge Hose (2) to pump and tighten using wrench (3) and route opposite end appropriately.
- 4. Follow All operation instructions included in Operation Manual (0AYDP-EN440YA)

NOTE: In the case of the above installation there are no specific torques and steps are considered to be performed "tool-tight"
